	<p>9 1 beauty device IPL SYSTEM PSRT-440, S / N: 140044007-1205102, Year of construction: 20-05-2013, Power input: 200-240V, 50 / 60Hz, 2200W,</p> <p>Extra information: the 2 in 1 system uses radio frequency (the RF function). This makes the treatment deeper, so that the deep lying hairs are better achieved. This makes the effect of 2 in 1 Elos system better than that of ipl equipment without Rf function. In addition, it also has a nice side effect that RF leaves the skin more beautiful and the gray haze true some people suffer from have also disappear (Rf is also known for that it makes elastin and collagen hence this is also visible on the skin) Definitive hair removal with elos is an ideal technique for people who suffer from, among other things, excessive hair, ingrown hairs, red sebaceous bumps or embarrassing hair growth, such as e.g. the upper lip, jaw line or bikini line. For men this is a good solution when they have to contend with excessive hair growth on the body, such as the upper back, upper arms, buttocks or hands. Every body part is eligible for this technique. Get rid of depilatory creams, shaving, epilating and waxing !! Besides depilation, this system can also remove rosacea and pigment stains.</p> <p>Location: B16</p>	1000€
