	<p>100 1 HARMAN KARDON AVR161, 5.1 receiver, BT, Internet radio, USB</p> <p>425 watts, 5.1 channel, AVR for network use with Bluetooth connectivity Transform your living space into your own private screening room</p> <p>This 425 watt, high-performance, 5.1-channel A / V receiver offers you more ways to connect with your favorite music, movies and television programs.</p> <p>There are endless ways to access and store your favorite media from external hard drives to set-top boxes and smartphones. But if your home audio / video receiver does not offer you options to connect to these media, you hardly have anything to do with it. The Harman Kardon® AVR 161 offers you an easy way to connect with everything you love. This 425-watt, 5.1-channel audio / video receiver for network use is bursting with options that allow you to access your media. It offers five pre-prepared HDMI® inputs, including one compatible with MHL, giving you more than enough ways to access content on your HD cable box, Blu-ray player, with MHL equipped portable devices or Roku Streaming Stick? -dongle. It also offers DLNA® 1.5 networking and HARMAN TrueStream Bluetooth® technology, allowing you to stream hi-fi audio from your mobile devices.</p> <p>As far as sound is concerned, the AVR 161 offers our exclusive Natural Sound Processing (NSP), which provides a rich, all-round sound from any source, especially with two-channel streaming content. And the automatic calibration of the system via the new EZSet / EQ? III process ensures the very best sound based on your speakers and listening environment. And with HARMAN GreenEdge™ technology, the AVR 161 is also environmentally friendly.</p> <p>Excl. Remote Control</p> <p>Location: B18</p>	90€

1 JBL SYNCHROS E10, in-ear HPH, mic / rm, white

10€

In-ear headphones with a full spectrum of JBL audio with a modern look
Switch to JBL quality audio in in-ear headphones with enhanced frequency response, a comfortable fit and tablet / smartphone-friendly functionalities to keep you connected and mobile. JBL is well aware that there is a need for quality audio and therefore designed this (robust) bold headset (new profile) for a modern mobile lifestyle. The JBL Synchronos E10 in-ear headset is easy to use for tablets and smartphones (is a tablet / smartphone-friendly solution), which opens the door to a full spectrum of JBL quality audio thanks to PureBass performance and 8 mm drivers. From its essential functionalities, such as an optimal, comfortable fit, lightweight design, modern design (progressive styling) - in a variety of colors to choose from - to its convenient, inline, one-button remote control / microphone and increased frequency range. You will be amazed at the performance that will undoubtedly exceed your highest (boldest) expectations. (The extra) A big plus is the (of a) supplied light (weight) carrying bag, to safely transport your E10, (underlines its portability). A purchase of this modern designed headphone will provide you with the best possible sound at an affordable price. (Why would you deny yourself the best possible sound when there is an affordable in-ear headset, which is undeniably proof of your good taste?)

1 AKG Y50, on-ear HPH, mic / rm, red

29€

On-ear headphones with in-line 1-key universal remote / microphone cable
AKG takes the pleasure of listening seriously

AKG sound quality in comfortable headphones designed to meet the demands of an on-the-go lifestyle. An inspiring sense of styling that makes a statement about what is important to you.

Phenomenal sound is inspiring. To this end, a product has been developed to relax despite the heavy demands in daily life. With additional features to transform previous generations of headphones into a full-service connectivity device that is indispensable. AKG level sound is isolated and enclosed in a closed sound box ear cup design so that any other sound, except what is important to you, is excluded. With its lightweight and comfortable design, this is your perfect excuse to listen to hours from your lazy chair - and switch between conversations and music. A 1.2 meter long adjustable cable provides extra freedom of movement and the choice to use different devices. With the inline remote / microphone, hands-free calling and listening is easy. If you are in a hurry, the foldable 3D-Axis design offers the possibility to fold up the headset and carry it in a soft pouch. The daring new design gives you a choice of four beautiful colors and the recognizable logo shows your good taste. An eye-catcher for everyone. With a jealous sound quality.

With its lightweight and comfortable design, this is your perfect excuse to listen to hours from your lazy chair - and switch between conversations and music. A 1.2 meter long adjustable cable provides extra freedom of movement and the choice to use different devices. With the inline remote / microphone, hands-free calling and listening is easy. If you are in a hurry, the foldable 3D-Axis design offers the possibility to fold up the headset and carry it in a soft pouch. The daring new design gives you a choice of four beautiful colors and the recognizable logo shows your good taste. An eye-catcher for everyone. With a jealous sound quality.

29€

On-ear headphones with in-line 1-key universal remote / microphone cable
AKG takes the pleasure of listening seriously

AKG sound quality in comfortable headphones designed to meet the demands of an on-the-go lifestyle. An inspiring sense of styling that makes a statement about what is important to you.

Phenomenal sound is inspiring. To this end, a product has been developed to relax despite the heavy demands in daily life. With additional features to transform previous generations of headphones into a full-service connectivity device that is indispensable. AKG level sound is isolated and enclosed in a closed sound box ear cup design so that any other sound, except what is important to you, is excluded. With its lightweight and comfortable design, this is your perfect excuse to listen to hours from your lazy chair - and switch between conversations and music. A 1.2 meter long adjustable cable provides extra freedom of movement and the choice to use different devices. With the inline remote / microphone, hands-free calling and listening is easy. If you are in a hurry, the foldable 3D-Axis design offers the possibility to fold up the headset and carry it in a soft pouch. The daring new design gives you a choice of four beautiful colors and the recognizable logo shows your good taste. An eye-catcher for everyone. With a jealous sound quality.

	<p>171 1 AKG Y50, on-ear HPH, mic / rm, yellow</p> <p>On-ear headphones with in-line 1-key universal remote / microphone cable AKG takes the pleasure of listening seriously</p> <p>AKG sound quality in comfortable headphones designed to meet the demands of an on-the-go lifestyle. An inspiring sense of styling that makes a statement about what is important to you.</p> <p>Phenomenal sound is inspiring. To this end, a product has been developed to relax despite the heavy demands in daily life. With additional features to transform previous generations of headphones into a full-service connectivity device that is indispensable. AKG level sound is isolated and enclosed in a closed sound box ear cup design so that any other sound, except what is important to you, is excluded. With its lightweight and comfortable design, this is your perfect excuse to listen to hours from your lazy chair - and switch between conversations and music. A 1.2 meter long adjustable cable provides extra freedom of movement and the choice to use different devices. With the inline remote / microphone, hands-free calling and listening is easy. If you are in a hurry, the foldable 3D-Axis design offers the possibility to fold up the headset and carry it in a soft pouch. The daring new design gives you a choice of four beautiful colors and the recognizable logo shows your good taste. An eye-catcher for everyone. With a jealous sound quality.</p> <p>Location: Cage cart</p>	29€

	<p>183 1 AKG Y15, in-ear HPH, blue</p> <p>Lightweight headphone for ears with volume control The AKG Y15 is anything but typical of the earphone category.</p> <p>They meet the same high standards of technical excellence in every respect as all other AKG products. They may be small and light, but they are designed in such a way that the same AKG standards for sound quality, comfort, versatility and functionality are met. Listen for yourself. Realize that you can have the best of everything in a human-friendly, versatile, semi-open headset with earplugs that help you stay connected to all your favorite devices, from iPhone® to iPod® and beyond. The AKG Y15 is small but dynamic and is the perfect sound solution for the modern lifestyle on the move. Sound quality is an asset with AKG products.</p> <p>Location: Cage cart</p>	15€
	<p>184 1 JBL SYNCHROS S100I MFI, in-ear HPH, mic / rm, black</p> <p>Advanced in-ear stereo headphones. Ultra-light craftsmanship-powerful sound The new JBL Synchros S100 delivers unparalleled sound in a contemporary design. Because of the cast aluminum earplugs with metal accents, these in-ear headphones are in a class of their own. The angled earplugs and special flat cable guarantee a comfortable and stable fit for hours of listening pleasure without knots in the cord. The S100, based on JBL sound systems used in the most prestigious clubs of the world, delivers a balanced sound experience with great clarity and deep, powerful bass. Available in 2 colors, Onyx and Glacier, and 2 configurations: Apple 3-key remote cable or universal 3-key remote cable. Whatever you choose, the Synchros S100 takes your portable listening pleasure to the next level.</p> <p>Location: Cage cart</p>	15€
